

CHANGE

Beyond the realm of time and space
Yah has prepared for us a place
We can not enter there as we are
but we can behold it from afar

Flesh and blood can not enter in
only the spirit man that dwells within
I know that this sounds very strange
but Yah has provided for us a change

Beyond the reason of the carnal mind
Yah is transforming this life of mine
This physical man will never last
for it is putting on immortality fast

The sons of Yah will enter His realm
for we are spirit beings just like Him
We'll dwell with Him in heavenly places
with the glory of Yah upon our faces
