

## CHRISTMAS

I do not believe in Christmas trees  
or in a Santa Claus upon the eves  
It's not the time of the Messiah's birth  
no one even knows when He came to earth

Christmas was created by religious man  
so he may gain, looking pious as he can  
The shops and stores fall right into line  
and make most of their money at this time

What is so sad about this whole Christmas thing  
is that they are doing it all in Yah's holy name  
Do you really think Yah is behind such greed  
when many in the world are in such great need

To give a present is a fine thing to do  
as long as you don't expect to get one too  
Yah gave us His best gift a long time ago  
it was through His Son, His love to show

The greatest gift I can give to all men  
is to tell them His Son died for their sin  
And to so live my life that all might see  
the son of Yah coming forth in me
