

DON'T TRY

Don't try to be higher
or more spiritual than all
It's pride that reigns up there
you're headed for a fall
Don't try to set your throne
way up there, up in the sky
Position and papers don't
make you more spiritual than I
It's not how many revelations
or visions that you see
It's love and compassion
how Messiah like you can be
Judgement day is coming
to try the hearts of men
It's not what you are doing
but what that you have been
