

PROPHECY

The religious leaders study Bible prophecy
to see who the Antichrist might be
They watch the happenings in Israel
and wait to see what they reveal

A one world government they say
will be established in our day
The computer will be used to scan
the mark of the beast upon a man

The Messiah spoke to the people in parables
the Bible speaks to us in types and shadows
Not the real thing, only a shadow or sign
a symbolic type of what Yah has in mind

Spiritual things He wishes to reveal
are represented by what we see and feel
Israel in the Bible is the pattern that brings
revelation and knowledge of heavenly things
