

**SEPT. 11, 2001**

Many people have perished on this dreadful day  
As the terrorist planes took the twin towers away  
The anguish of dying souls filled Yah's holy ears  
While hearts are filled with anger, dread and fears

You may shake your head sadly and wonder why  
Yah has allowed this menace from the sky  
The answer is very clear just look around  
Yah's holy name man has cast to the ground

America grows more evil and perverted everyday  
Is it any wonder Yah turned His eyes away  
Yah can no longer look down on the human scene  
Nor will His holy nature allow Him to intervene

Man will always be at the mercy of his evil deeds  
Sown in the ground of life, the harvest of the seeds  
The law of sowing and reaping man will learn to obey  
When his heart is broken up in this his reaping day

The cries of repentance will His ears surely hear  
And only to a humble heart will He then draw near  
Let us turn to a holy Yah in this dreadful day  
And walk in righteousness before Him in a holy way
