

THANKSGIVING

The table is set with turkey and dressing
and someone is ask to say the blessing
The words are cordial with little heart
every mouth is watering waiting to start

Things seem to go on in the same old way
people are leaving Yah out of this holiday
The food is sparse now, stomachs satisfied
but what about your spirit man deep inside

As the natural body needs food to eat
a spiritual being needs spiritual meat
Yah too has a bountiful table spread
and it is where the spirit man is fed

To be very thankful is commendable of you
but are you thankful for, ...instead of to
Let's not set our hearts on what is given
but on HIM, the giver, which is in Heaven
