

## THE DAY

The day of the Messiah is at hand  
the transformation of mortal man  
We lift our hearts in holy praise  
by the Spirit we learned Yah's ways

Living in the Son of Yah's reflection  
by the power of His resurrection  
His glory through us is shining bright  
the redemption of mankind is in sight

The dawning light of this New Day  
makes all creation rejoice and say  
The Spirit's work through the night  
is being revealed in the morning light

Thy Kingdom come is what we pray  
no longer to stand in evil's sway  
Our hearts are knit together in love  
drinking in the sunlight from above

Immortal man stands in the Father's glory  
and will complete the creation story  
The blessings of Yah's sons will bring  
the restoration of everything
