

THE PLAN

Israel is the Bible story
of the church and her future glory
In the pages of the Book we see
how the Israelite people came to be

Yah began with just one single man
multiplying his seed as grains of sand
It was through a divine birth we find
Yah set in motion what He had in mind

To the Jordan with the Laws of Yah
but did not take the Land they saw
Their faith too weak to take a chance
they left without a backward glance

The early church did the same
Spiritual Israel is their name
In the beginning Yah had a plan
to bring into being immortal man

He started out with just one Son
but He'll have many before He's done
This new generation as one man
is going to take the Promise Land
