

TRIUMPHANT GLORY

Yah came to mankind in human form
died on a cross in the midst of a storm
He came to earth the Father to show
so that His love we could finally know

His death was a sacrifice for our sin
but that was not to be the final end
He rose one morning in triumphant glory
and that began the salvations story

The Father's love we must understand
and be conformed into one new man
The work of the cross will never be done
until Yah has manifests in us His son

The dawn is coming, the time is near
creation awaits our time to appear
We will then stand at His direction
triumphant in the glory of His resurrection
